

Get Back

Mario

Mario

We met
Somewhere in a dream
Tossing, turning
Can't get no sleep

Slow down, feel the rush
Turn love into lust
Baby, one night ain't enough

Gotta get back to your body (your body, babe)
When I close my eyes I feel you wrapped around me (I need it, need it, oh)
Gotta get back to your body, yeah (oh)
Girl, you're flawless like the diamonds in my timepiece (yeah)
Gotta get back
So icy, girl

Your complexion's iridescent
it's so magical
You're so colorful
Baby, you know what I want
It's you
It ain't enough for me to beg, tell me
Something I can do instead, baby

Slow down, feel the rush
Turn love into us
Baby, one night ain't enough

Gotta get back to your body (your body, babe)
When I close my eyes I feel you wrapped around me (I need it, need it, oh)
Gotta get back to your body, yeah (oh)
Girl, you're flawless like the diamonds in my timepiece (yeah)
Gotta get back
So icy, girl

Girl, stop
Ain't no point in telling you to stop (stop it)
Saying that you're scared, I know you're not (Know you're not, babe)
Send me your location, gonna drop it
Pull up, then you pop it
Girl, I'm outside
I pull up and then I pop between your thighs
In the dark I see that look up in your eyes
When you and me, nobody else around
Ain't gotta speak on if we fuck around, no

This ain't a little mix up (no)
This ain't a one night stand with me
You know I can't forget her

Gotta get back to your body (your body, babe)
When I close my eyes I feel you wrapped around me (I need it, need it)
Gotta get back to your body, yeah, baby
'Cause you're flawless like the diamonds in my timepiece
Gotta get back

So I see girl

Gotta get back to your body

Gotta get back to your body, yeah

Gotta get back

Help me, oh

Ooh, oh yeah, oh yeah yeah yeah

Oh ooh
