

Like Her Too

Mario

Let's get comfortable
Me plus two
Back of the coupe
You know what to do
Keep your hands on me
Pure ecstasy
Dirty Sprite, open doors
Just for you

I know you like her too (You like her too)
Like I do (Just like I do)
This point of view (Point of view)
Is something new
I know you like her too
Just like I do (Just like I do)
This point of view (Point of view)
Is something new for you

Ooh
Girl, I don't really want to think this through (Think this through)
Just keep on doing what you're doin'
Ooh (Ooh)
'Cause, girl, I know you like how I do you (How I do you), yeah (How I do)
Yeah

You make the wave so easy
What you did inside of me
I'm open to this power
I let you dive so deeply
Explore every side of me
That you know I couldn't find (Yeah, yeah, yeah, yeah)

You know I like her too (I like her too)
Give everything to you (Give everything to you)
This point of view (This point of view)
Just so brand new and something I'm not used to
And it's overdue
Know I would do (I would do)
Just about anything, anything for you

Ooh
'Cause I don't really want to think this through
Just keep on doing what you're doin'
Ooh (Ooh)
'Cause, girl, I know you like how I do you, yeah (How you do me, give it to me)

Yeah (Yeah, yeah)
Yeah (Yeah, yeah)
Yeah (Yeah, yeah)
Yeah (Yeah, yeah)
I know you like it, baby
Like I do, just like I do
Like I do, just like I do, like I do
Just know I do this for you
