

# Never

Mario

Girl u wanna know what's up  
I can truly say that I love u  
And we know that love is not puffed up  
So there are things in love that u'll never do  
I would never jump off a building and survive  
And if that building were burning up  
I would never leave you inside  
I would probably never live to see a hundred years old  
And no matter who's around I would never treat u cold

I will never.....lie to u baby boo  
I will never.....treat u untrue (oonoo)  
they say never.....say what u wouldn't do  
I can say I'll never.....I would never hurt u

So u wanna be made secure  
Never give your heart unless u were sure  
Just wanna know where I'm at  
Me leaving u girl never  
that I could never fight a hundred men and win  
And I'll never know the beauty of a girl in a friend  
They say never say what u wouldn't do  
But they never been in love wit a girl like u

I will never.....lie to u baby boo  
I will never.....treat u untrue (no no no no no no)  
they say never.....say what u wouldn't do  
I can say I'll never.....I would never hurt u  
(u can trust me when I say never yeah)

O,O,O,O,O,how would u know....  
what u would and would not do  
Here is what I say (here is what I say)  
until my dying day  
I will never(stop loving u baby)

I will never.....lie to u baby boo  
I will never.....treat u uncool (no no)  
they say never.....say what u wouldn't do (they say never I say never  
)  
I can say I'll never.....I would never hurt u
