

Run It Back

Mario

Ooh
You my slime, you my twin
Ooh, yeah

I know I'll never find your love again
I know I'll never find it, no
Maybe we just need time to pass again
'Cause I can't let you go, girl, I need you to

Give me all of you, all of you, give me all of you
If I lose you, I'll find you if I ever do
You're my deepest pain, you're my drug, you're my remedy
If I lose you, I'll find you if I ever do

Can you run that back? Slow that down
One more time, then speed it up
You're my slime, you're my twin
'Til the end of the time, gang in this bitch
Can you run that back? Slow that down
One more time, then speed it up
You're my slime, you're my twin
'Til the end of the time, gang in this bitch

Girl, I lose my sense when you take off that dress on you
Ease up my stress when we kiss and caressing
How you work them curves, you deserve some splurging'
'Cause I won't let you go, girl, I need you to

Give me all of you, all of you, give me all of you
If I lose you, I'll find you if I ever do
You're my deepest pain, you're my drug, you're my remedy
If I lose you, I'll find you if I ever do

Can you run that back? Slow that down
One more time, then speed it up
You're my slime, you're my twin
'Til the end of the time, gang in this bitch
Can you run that back? Slow that down
One more time, then speed it up
You're my slime, you're my twin
'Til the end of the time, gang in this bitch

Give me all of you, all of you, give me all of you
If I lose you, I'll find you if I ever do
You're my deepest pain, you're my drug, you're my remedy
If I lose you, I'll find you if I ever do

Can you run that back? Slow that down
One more time, then speed it up
You're my slime, you're my twin
'Til the end of the time, gang in this bitch
Can you run that back? Slow that down
