

Goodbye Kiss

Marion Aunor

Honestly I'm feeling low
But I'm not gonna let it show
Couse I don't wanna give in

Not gonna give up
I'm such a fell hi-hi-high

I'm getting tired of all these fears
I'm quite done releasing all the pointless tears
Yeah, turn the radio up! it's about to blow up!
I'm such a fell hi-hi-high

Get the chip off your shoulder
Make me say I told you
How many more cliches do I need to convince you that
It get's better. it get's bette
Baby, it get's better now!

Oh-ooh. it's time that you know!
Oh-ooh. you're more than you know!
You're the one who get's to decide
Whatever it is you're feeling inside
Woah-ooh. it's time to let go!
Just let the happiness flow!
Shed all of your worries outside
That's right!
Time to blow it a goodbye kiss!

Time to blow it a goodbye kiss
Time to blow it up, time to blow it up (blow it a goodbye kiss)
Time to blow it a goodbye kiss (yeah-eh-eh)
Time to blow it up, time to blow it up
Blow it a goodbye kiss

Sometimes I wanna run away but
There are million other reasons why I should stay
No, I don't wanna give in!
Not gonna give up!
I'm such a feel hi-hi-high!

Nobody knows what life awaits
But it's gonna take a whole lot more
To take this girl down!
I'm here to spread the love around!

Yeah, the chip off your shoulder
Make me say I told you
How many more cliches do I need to convince you that
It get's better. it get's bette
Baby, it get's better now!

Oh-ooh. it's time that you know!
Oh-ooh. you're more than you know!
You're the one who get's to decide
Whatever it is you're feeling inside
Woah-ooh. it's time to let go!
Just let the happiness flow!

Shed all of your worries outside
That's right!
Time to blow it a goodbye kiss!

Time to blow it a goodbye kiss
Time to blow it up, time to blow it up (blow it a goodbye kiss)
Time to blow it a goodbye kiss (yeah-eh-eh)
Time to blow it up, time to blow it up
Blow it a goodbye kiss

Just throw it away! (K-I-S-S it goodbye.)
Just throw it away!

Get the chip off your shoulder
Make me say I told you
How many more cliches do I need to convince you that
It get's better. it get's better
Baby, it get's better now!

Oh-ooh. it's time that you know!
Oh-ooh. you're more than you know!
You're the one who get's to decide
Whatever it is you're feeling inside
Woah-ooh. it's time to let go!
Just let the happiness flow!
Shed all of your worries outside
That's right!
Time to blow it a goodbye kiss!

Time to blow it a goodbye kiss
Time to blow it up, time to blow it up (blow it a goodbye kiss)
Time to blow it a goodbye kiss (yeah-eh-eh)
Time to blow it up, time to blow it up
Blow it a goodbye kiss

Just throw it away! (K-I-S-S it goodbye)
Just throw it away!
