

All I Wanna Do Is You

Marion Raven

Let me tell you about this guy,
he looked me straight in the eye,
and I won't be the same again,
no, he's not like other men...

He's one of a kind,
wanna' make him mine,
and he's steady,
like a rock...

Day and night, it's not right,
what would I do without your,
sweet loving...?
I will write, black on white,
just give me a kiss,
just give me a kiss...

Can't sleep at night, ain't feeling right,
all I wanna' do is you...
You're so fine, gotta' make you mine,
all I wanna' do is you...
All I wanna' do is you
you're all I really wanna' do...

Let me tell you about this time,
seven dollars and a dime,
taxi took me to his place,
walked right in purple haze...

It is about time,
that's the bottom line,
yeah, I'm ready,
round the clock...

Day and night, it's not right,
what would I do without your,
sweet loving...?
I will write, black on white,
just give me a kiss,
just give me a kiss...

Can't sleep at night, ain't feeling right,
all I wanna do is you...
You're so fine, gotta' make you mine,
all I wanna' do is you...
All I wanna' do is you
you're all I really wanna' do...

Can't sleep at night, ain't feeling right,
all I wanna' do is you...

What would I do without your sweet loving...?
Just give me a kiss,
just give me a kiss...

Day and night, it's not right,
what would I do without your,

sweet loving...?
I will write, black on white,
just give me a kiss,
just give me a kiss...

Can't sleep at night, ain't feeling right,
all I wanna do is you...
