

# Like a Moth

Marion Raven

Some days I wished that we had never met  
That I could keep on living my life  
Never knowing what I missed  
You see  
You are not that easy to forget  
And it's impossible pretending that you do not exist

I will always be drawn to you  
Like a moth towards the brightest light  
And the only way to see me is  
In the shadows of the darkest night  
And even though I should know by now  
That together we can never be  
And it's all too late for me  
When I touch you it feels like fire  
And I don't care if I burn  
I don't care if I burn

Below the moon and through the silver rain  
On this pavement that I walk with you  
That's leading the way  
Well, you all turn on back, and I think it's such a shame  
That you do not agree  
If it was up to me  
I could die here in the flame

I will always be drawn to you  
Like a moth towards the brightest light  
And the only way to see me is  
In the shadows of the darkest night  
And even though I should know by now  
That together we can never be  
And it's all too late for me  
When I touch you it feels like fire  
And I don't care if I burn  
I don't care if I burn

You can never run the stakes when  
Everything is wrong  
And it feels like you're walking against the stars  
You'll be fighting  
I cannot fight what's already said and done  
And you know  
That you better hold me real tight and never let me go

I will always be drawn to you  
Like a moth towards the brightest light  
And the only way to see me is  
In the shadows of the darkest night  
And even though I should know by now  
That together we can never be  
You know that I will always be drawn to you  
Like a moth towards the brightest light  
And the only way to see me is  
In the shadows of the darkest night  
Give me the love I know how to love  
Together, oh, o-o-o-o-oh

Oh... oh, o-o-o-o-oh  
It's all too late for me  
When I touch you it feels like fire  
Oh... oh... oh...  
Ooh... ooh... ooh... ooh
