

On Fire

Marion Raven

When you look into my eyes I know
Oh, I can't, can't, just can't keep fighting
And when we touch we realize that no
Oh, we can't, can't, we just can't deny it
We walk alone so nobody will know

And it hurts so bad, it hurts so bad
It makes me sad, don't it makes you sad
We only have tonight, we're on fire
And it hurts so bad, it hurts so bad
It makes me sad, don't it makes you sad
We only have tonight, we're on fire

When we kiss that's when I know for sure
Oh, I can't, can't, Just can't keep fighting
And when it's wrong it makes me want it more
No we can't, can't, we just can't deny it
We walk alone so nobody will know
We can't be together
Make this last forever...

And it hurts so bad, it hurts so bad
It makes me sad, don't it makes you sad
We only have tonight, we're on fire
And it hurts so bad, it hurts so bad
It makes me sad, don't it makes you sad
We only have tonight, we're on fire
