

Our Way

Mark Ambor

These days are getting real heavy
I'd break down if you let me go, go
It could all go in an instant
Why wait when we could be living oh, oh

I got no direction, that's alright
Forget it all for just the night mmm

Singing under string lights
Sipping till the sunrise
Living like we only got today
Swearing off the dark times
Cursing at the moonlight
Yeah we might be lost
But we'll find our way
Oh we'll find our way

Hold tight to all of your reasons
Fall in love with all of your seasons oh, oh
Sun kissed, oh I miss the summer
Where I didn't fear all the thunder oh, oh

I got no direction, that's alright
Forget it all for just the night mmm

Singing under string lights
Sipping till the sunrise
Living like we only got today
Swearing off the dark times
Cursing at the moonlight
Yeah we might be lost
But we'll find our way
Oh we'll find our way

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
1, 2, 1, 2

Singing under string lights
Sipping till the sunrise
Living like we only got today
Swearing off the dark times
Cursing at the moonlight
Yea we might be lost
But we'll find our way
Oh we'll find our way

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
