

Who would of thought... it would be like this?

The sample on this beat is so mesmerizing
Love's a funny thing, it's hard to recognize it
I must admit it feel like love when the check deposit
My ex brought too much stress I'm having sex with commas
Don't try to understand me unless you met my momma
This Battles blood is something different so don't cause a problem

Got the Yeezy's on your feet to try and show you popping
Yeah I bought em but I ain't wear em cause I know you got em
We ain't finna be nothing like these mini me's
Anti industry, I'm winning off my similies
Every bar Grizzly like Tennessee
Young Pac Imma ride on my enemies
These niggas better catch up
Can't live a life in hindsight I'm dropping out professor
I don't need your lectures, hope to find my peace in heaven
Was 16 with a weapon, had two tec's might get ejected
Flow is sick as cancer couple days I go get tested
Nah I'm just bullshitting booth with a stool in it
Verse after verse like a church they think I'm pulpit-ing
We just want to make a living but this ride can take a minute
No I.D. said my future bright and I can't wait to get it
And I'm plotting for that top spot yeah they gonna hate me in it

Really from the mud I ain't come up in no friendly times
Being broke? I'm scared of it, so I spend a penny wise
Clowns couldn't kill me now they dissing bunch of Remy Ma's
Nick Minaj, Drizzy vibes
Frauds living in disguise
It's the Vasi Gang enterprise
Why anytime I hear a beat it feel like dinner time
Why anytime I lace a verse it feel like winter time
Get in line, stand aside this a plan of God's

This a plan of God's
Fell off for a minute now we back on
Been working for some years it took em that long
But it made me strong
Yo what y'all hating on?
Fell off for a minute now we back on
Been working for some years it took em that long
But it made me strong
Yo what y'all hating on?
Cause we back on? Now it's back on
