

# Come Together

Mark Battles

One, two, three, four  
Ayy  
Ayy, ayy, ayy  
Look

I just dusted off my sneaks, niggas think I hit my peak  
Tried to leave me on the street, and that turned me to a beast  
Watch your mouth before you speak, nothing near you so unique  
I was plotting so discreet, ain't a job I won't complete  
Less for you and more for me, nigga, who you supposed to be?  
Lines go way over your head, they feel just like a Joker 3  
Think I'm playing for the Nuggets, ain't the pluses, I won't touch i  
t  
Quick discussions 'bout the duckets, now we back to eating buffets  
Don't you love it, baby?  
Is she too scared to feel the heat? Don't touch the oven, baby  
I'm screaming, "Fuck 'em, pay me", coach, these niggas Chucky daily  
All my guys arrive like Plies, don't make 'em bust it, baby  
Tried to block my flowers, now you cowards plucking daisies

Ayy, watch it come together (Watch it come together)  
Now we 'bout to have a run and it's gon' to run forever (Uh-huh)  
Yeah, watch it come together (Watch it come together)  
Ayy, watch it come together  
Ayy, ayy, watch it come together (Huh?)  
If I ever said we done, then, bitch, we done forever (Forever, ever,  
ever, ever)  
Ayy, watch it come together  
Yeah, yeah, watch it come together

On my own because I had to (For real)  
They told me, "Battles, kill these niggas", I'll be glad to (I will)  
Just bring a bag through  
Got all the sauce, Ragu  
I can't forget we spanking shit just like your dad do  
I would be mad too  
Bitches on my cashews  
Was just for fun, now catch this run we 'bout to have soon  
The one like past noon, sit and watch the cash bloom  
He smooth as jazz tunes, two hundred on the dash, vroom  
Inhale these gas fumes

Ayy, watch it come together (Watch it come together)  
Now we 'bout to have a run and it's gon' to run forever (Uh-huh)  
Yeah, watch it come together (Watch it come together)  
Ayy, watch it come together  
Ayy, ayy, watch it come together (Huh?)  
If I ever said we done, then, bitch, we done forever (Forever, ever,  
ever, ever)  
Ayy, watch it come together (Forever, ever, ever, ever)  
Yeah, yeah, watch it come together
