

RIP my brother Duck  
Couple years ago, he told me  
He said, "If I die early on some crazy shit  
Don't make a sad-ass song about me 'cause I wasn't a sad-ass nigga"

You know what they say, when it rains, it pours  
But I lived to see another day, so I thank You, Lord  
You tryna fuck up every play, bitch, what you hatin' for?  
Just keep them niggas out my way 'cause I can't wait no more, more

God, You took my nigga Duck and that shit just got me stuck  
Big-ass pistols in the truck in case a pussy test his luck  
Shout out Jelly, shout out Wayne, Lil Mark, how you up?  
Can't believe our nigga gone, now it's time to turn it up  
It get cold in this world, so watch me burn the furnace up  
Couple niggas turned on us, but I'm standin' firm as fuck  
And be careful with these hoes, do anything to earn a buck (Uh)  
Stroke and twist, earn this nut, you comin' out this skirt or what?  
Lil Bird, what's the word? Can't bring your daddy back to life  
But I got your back for life, it's all a gamble, pass the dice  
And hell yeah, I got some goals, won't give my soul if that's the price  
Came a long way from them nights, my uncle puttin' crack in pipes (Uh)  
That Bentayga interracial 'cause that bitch come black and white (Haha)  
Think of Tyson as a mummy the way I put these raps on mics (Uh)  
Put them niggas back on ice, I'm back to run it, that's on Christ  
Back for vengeance, back on flights, forehead kisses, that's goodnight, right

You know what they say, when it rains, it pours  
But I lived to see another day, so I thank You, Lord  
You tryna fuck up every play, bitch, what you hatin' for?  
Just keep them niggas out my way 'cause I can't wait no more, more  
You know what they say, when it rains, it pours

You tryna fuck up every play, bitch, what you hatin' for? (Hatin' for)  
Just keep them niggas out my way 'cause I can't wait no more (Wait no more)  
Make sure my crown is solid gold

Woah, every lesson learned's a blessing earned (Earned)  
I say that shit on every album just to reconfirm  
They say this sound like smoker music, let the reefer burn (Uh)  
It's crazy times, I check your vibe before I speak a word, nerd  
You may not ever understand my pain  
I'm grounded for my family name, but money make the family change (Uh)  
Got so used to stallin', now I'm ballin' just like Danny Ainge  
It get hard to handle things, a lot of shit I can't explain

You know what they say, when it rains, it pours  
But I lived to see another day, so I thank You, Lord  
You tryna fuck up every play, bitch, what you hatin' for?
