Oh yeah oh yeah oh yeah oh yeah  
Oh yeah oh yeah oh yeah oh yeah  
Oh yeah oh yeah oh yeah oh yeah

I wake up this morning with some problems on my mind  
And my ex stay on my line asking if I'm doing fine  
Swear to God you wouldn't try if a nigga wasn't shining  
And it's freeze up till they ease up  
My pleasure to remind you  
It was all in perfect timing we coming out the last spot  
and the king you seem to be your city mascot  
Cash draw FA niggas got the game  
My hood ain't got a Kardashian  
But you could get yo ass shot  
That thot say she got all of my tapes on her laptop  
Oh my God you twenty five with all the things my dad got  
Back off where was you when me and my kids ain't have shit  
Now I keep a bad chick all up on this dad dick  
Feel my fury Brad Pitt  
We made it happen mad quick  
Them niggas doubted and I sprouted  
Couple things I won't forget  
Family love and unity it came together beautifully  
I won't let this money ruin me  
No schooling me I'm business minded  
Yo yo what took so long to get behind it  
But I seen late hella hoes way before I sign  
Ma niggas grinding and ma mama told me to stay grounded  
It's so ironic cause that's what she did when she caught me Wil  
ding

But I'm bout it ma niggas hounding  
And we want it till we make it out it  
I'm smiling these losers wanna see me fail  
But I won't allow it

Oh yeah oh yeah oh yeah oh yeah  
Oh yeah oh yeah oh yeah oh yeah
