

Lord Knows

Mark Battles

Can't hardly sleep at night
Can't believe my eyes
Lord knows I tried
All the nights I cried
Lord knows, Lord knows

Remember them days in the shelter?
Orange juice, burnt toast and hamburger helper
Always tried to get the biggest plate yo I was selfish
Brain freezing tryna eat my ice cream before it melted (Look)
The crazy thing I was still happy
Nah we ain't have a lot but mama made it happen
I'mma go and get you a mansion when I make it rappin'
In life, if the boat sinking they don't save the captain
That's the ugly truth
Use you and abuse you then they cut you loose
You must evaluate the source before you trust the proof
I wish the public knew all the things that wasn't true
Oh this world of ours
No hope in sight they go through life just like it's no tomorrow
It's just the surface judge your person when you loathe in sorrows
I really had to go, please don't take it hard
Don't take it hard
Why you asking bout my feelings? I ain't sharing those
Why I always end up hurt? I ain't Derrick Rose
Damn, you had a chance, look there it goes
Or there it went. Shit

Can't hardly sleep at night
Can't believe my eyes
Lord knows I tried
All the nights I cried
Lord knows, Lord knows

Can't hardly sleep at night
Can't believe my eyes
Lord knows I tried
All the nights I cried
Lord knows, Lord knows
