

Muscle

Mark Battles

I'ma flex my muscle on these motherfuckin' niggas
Never been a dummy, keep a finger on the trigger (Yeah)
Indiana boy, outside makin' noise
Now you gotta see me ball, money tall, Roy Hibbert
If I took a loss, bounce back, shook it off
Had to pay what it cost, less talk, more figures (Yeah)
Old ho shitter, new bitch winner
Been did it big, now I'm 'bout to go bigger

This is real Indiana shit
Bro, I finally got the game by the fingertip
Too fast, I be speedin' in the Bimmer quick
With a thot gettin' top by a singer chick (Ooh)
Heard you mad, I'm the nigga that you seen her with
Top notch and you boys intermediate
Had to get us out the hood, we needed it
Did the high for my dogs, no weinersnitch
Now we really get the ball, Derek Jeter shit
Careful with the eagerness, clip look like a meter stick
All that back-and-forth talk gettin' tedious
When I call, she be showin' up immediate
When it's dark, shorty turn into a devian
Big fish, if I say it, be obedient
I'ma cook then show you the ingredients
Make sure you yell "Up" with a three in it
Nigga, we in it

I'ma flex my muscle on these motherfuckin' niggas
Never been a dummy, keep a finger on the trigger (Yeah)
Indiana boy, outside makin' noise
Now you gotta see me ball, money tall, Roy Hibbert
If I took a loss, bounce back, shook it off
Had to pay what it cost, less talk, more figures (Yeah)
Old ho shitter, new bitch winner
Been did it big, now I'm 'bout to go bigger
Flex, flex my muscle on these motherfuckin' niggas
Never been a dummy, keep a finger on the trigger
Indiana boy, outside makin' noise
Now you gotta see me ball, money tall, Roy Hibbert
If I took a loss, bounce back, shook it off
Had to pay what it cost, less talk, more figures
Old ho shitter, new bitch winner
