Mark Battles

Okay, do what you wanna  
Go where you wanna  
If I kick game then you know its a hunnid'  
My dreams came true cause I knew what I wanted  
For 24 years there was room in my stomach  
That's hunger  
Turned me from a man to a monster  
I was making jams as a youngster  
Wasn't even fans at the concerts  
Not a damn band in my pocket  
Still I plan to conquer  
When you see a nigga like that gotta watch 'em  
9 times out of 10 bet a nigga plottin'  
At the door knockin'  
Niggas wanna wait till you poppin'  
Just to say you great nigga stop it

I been on top nigga  
Hey  
I said I been on top nigga  
Yeah  
I said I been on top nigga  
Yeah  
I said I been on top nigga  
I said I been on top nigga

Look  
I been on top like missionary  
Saw it all coming imma visionary  
Niggas think its sweet so I pistol carry  
Taking shit deep might get you buried  
Homies moving birds they don't fuck with Larry's  
Coming where I'm from it get fuckin' scary  
On my vegan shit I don't fuck with dairy  
Married to the game like Chuck and Larry  
Lil' stoner bitch love puffin' berry  
But she always mad cause she don't wanna share me  
I stay to myself cause love is scary  
Stacking my wealth nigga more the merry  
So many European trips I get bored in Paris  
If he take my soul now ask the lord to spare me  
Spare me  
Ask the lord to spare me (yeah)  
I know its sort of scary

But I been on top nigga  
Hey  
I said I been on top nigga  
Yeah  
I said I been on top nigga  
Yeah  
I said I been on top nigga  
I said I been on top nigga  
I said I been on top nigga

Look  
And that's facts nigga

You ever see me wear a hat no cap nigga  
Screaming fuck a 9-5 its a trap nigga  
Fuck a slow dollar I would rather stack nigga  
They addicted to the flows like its crack in it  
Stay in ya lane less you wanna be an accident  
These lil' rappers need to go and get some practice in  
Every songs like a bull off of laxative  
(That's bullshit)

Huh

Look

Fuck a suit and tie  
If you have a dream then its do or die  
If you don't try that's like suicide  
I just utilize  
Every single means to unify  
My goals to my dreams  
Cause we came from the projects  
Not a damn thang in my pockets  
Look at all thangs we accomplished  
Now a nigga feeling like Aubrey or Pac  
Feeling like J. Cole, Jay-Z, K Dot

Cause I been on top nigga

Yeah

I said I been on top nigga

Yeah

I said I been on top nigga

Yeah

I said I been on top nigga

I said I been on top nigga

I said I been on top nigga, yeah
