Pulled up in your fucking city like the man
Pay my cash in advance I ain't hopping out the van
Let's get shit started nigga
I'm just trying to get my dick in someone's daughter nigga
Over time I've gotten smarter nigga
this gon' off a nigga

I came to get it poppin' different options
Rebound hoes like Dennis Rodman
I used to swerve that cavalier just like I'm Tristan Thompson
These niggas hate me out of fear that's why their quick to gossip
My clique the hottest quick deposits think we picking pockets
My chick a goddess and she love me for my cocky raps
No copy cats could stop my stats I might bring Rocky back
Your latest chick did crazy shit to get that Vasi hat
They think I'm tripping over hurdles cause I body tracks
Facts

All black with the hood again
Old lady saying what a nigga really should have been
What I could of been, if a nigga just would of been

Now it's time for y'all to die

If I had a penny for all the lame niggas hating
I'd be rich then a bitch, I'd be probably Bill Gatin'
Must mistake me for a game cause these niggas still playin'
F.O.D the gang yeah you heard what I said
