

## Pull Up

Mark Battles

Soon as I pull up  
Four in the soda, you know I'ma pull up on you (Oh yeah)  
And all that we doin' is fuckin', 'cause I can't stay true  
Just give me that good love, whenever I pull up  
Give me that, give that, give me that good love, uh  
Shawty, I'm on you, so give me that good love, uh  
Young nigga plottin' up on you  
Now give me that good love, uh  
Whenever I pull up (Yeah)  
Just give me that good love (Yeah)  
Just give me that, give me that, give me that good love

A nigga be stressed  
But I thank God, 'cause I'm still so blessed  
Brain go left when you wear that dress (Ah)  
Dive out too, baby, fuck my ex  
Shut the club up, I'ma bust my tech (Tech, yeah)  
Play your cards right, don't touch my deck  
She's so obsessed, I'm him, I guess  
Dunkin' on Tim like a gym, I flex  
Yes, I been a nigga (Woo)  
Hit from the back like fender benders (Woo)  
I once had big dinner spenders  
Keep it Bad Bunny like Kendall Jenner  
They say I'm cold like late December  
Now she on lock, can't break it in her  
Damn, what's your name? Shorty can't remember  
You're done with the bones, come date the winner

Soon as I pull up (Ah, yeah, ooh)  
Four in the soda, you know I'ma pull up on you (Oh yeah)  
And all that we doin' is fuckin', 'cause I can't stay true (Oh)  
Just give me that good love (Good love, babe), whenever I pull  
up  
Give me that, give that, give me that good love, uh  
Shawty, I'm on you, so give me that good love, uh  
Young nigga plottin' up on you, now give me that good love, uh  
Whenever I pull up (Yeah), just give me that good love  
Just give me that, give me that, give me that good love  
  
Give me that, give me that good love (Yeah)
