

Redemption Freestyle

Mark Battles

Yeah

Freestyle

I mean, what you want me to say?
I'm the first to do it this way
Got all my bros out the hood
And I held them down to this day
And I'm takin' care of my kids
My baby mama's okay
If I had a boss, she'd probably love me cause I'd never ask for no breaks
Never hesitate or go late, shit
Most of love is so fake, shit
They love to eat off your plate
At times you might have to bend, but don't break
No way, are you mad that I'm up now?
Whoever pull up get shut down
Yeah, I used to ride on the bus, now your bitch on my bus tryna bust for a b
ussdown
Both hands up like a touchdown (Yeah)
There ain't too many I can trust now (No)
Understood my love never changed so don't worry 'bout a thing
Only gang, you with us now
I promise, you don't really want these problems
Leave that boy leakin', Donda
I guess I just had to remind her
I got it, I got 'em (I got 'em)

Yeah

I got 'em

Yeah, yeah

Made a million flat since the pandemic
Independent, no hands in it
Won't take the credit, my fans did it
No TikTok and no dance with it
Just hit the booth and go ham in it
Got the ball and I ran with it
Now that Louis bag that I drag around like a halftime show, it got bands in
it
Man quit it, ya'll gotta let me flex for a damn minute
No pats on the back but I fuckin' did it
It took a little while, now they fuckin' with it
I got to drink car and I'm fuckin' in it
Gettin' head while I drive, ooo, what a feelin'
If it ain't the game, I ain't trustin' niggas
Yeah, they talk a lot of shit 'til you flushin' niggas, just hush my nigga,
ooo
Here we go, you can lose a lot cause of ego
Niggas gettin' smoked like a preroll
Benz all black like a negro
Young from the nap, put us on the map
But I can't rest 'til we eat though
King need a crown, I'ma hold it down, smile for the whole town, hero
Put your three's in the sky if you know how it feels to be broke as fuck (Br
oke as fuck)
I really made it out, I ain't have to sell my soul dope as fuck (Dope as fuc
k)

Nigga, just soak it up (Soak it up)
Baby, just show me love (Show me love)
Baby, just show me love
