

Superman

Mark Battles

Ay, ay
Mhm, ah

I feel like Superman, with a super 10
That's my brother, that's my nigga, that's my shooter fam
You keep on talking, he might take you out your future fam
Count every dollar like a scholar, we don't do the scams
Ayy, take it easy baby girl, I met you through the gram
Leave these hoes left on read, like a tutor ma'am
If Danny Berry make the beat, we going super him
And don't be stupid, I can shoot it like a Hooper can

I feel like Clark Kent, but I'm dark skinned
R.I.P. my brother called us when my heart went
Mama proud, cause I made it out the apartment
Been as cool as February since I marched in
Ooh, it's a cold world, but I'm so thorough
I don't never know the name, that's just so girl
I apologize, I ain't got the time
I been in this bitch, just killing shit, no alibis

I feel like Superman, with a super 10 (Yeah)
That's my brother, that's my nigga, that's my shooter fam
You keep on talking, he might take you out your future fam
Count every dollar like a scholar, we don't do the scams
Ayy, take it easy baby girl, I met you through the gram (Gram)
Leave these hoes left on read, like a tutor ma'am
If Danny Berry make the beat, we going super him
And don't be stupid, I can shoot it like a Hooper can, damn
Ay, ay

I feel like Superman
