

# We On It

Mark Battles

Going back six in the mornin  
We going to keep going going going  
Like Nicki Minaj we living for the moment  
You can say we want it we on it  
Party don't start till the cops come in  
Party don't start till the cops come in

Same old thang but a different day  
I'm on one got me feeling like Drizzy Drake  
Since she will treat me in a different  
But these girls all talk like Ricky Lakeeeeeeee  
I think I got one and if my crew ain't with me then its not fun  
Past time just cruisin the top gun  
If you ain't trying to party better not come  
Shirtless I'm a six pack look  
I'll steal your girl man I'm the big rap crook  
Then when I say it don't get that shook  
I'll have her blow the house like the big bad wolf  
Yeah, you got the lost face and slave is so drunk he can't walk straight  
Singing and dancing feeling like broadway crashed in the hallway

Going back six in the mornin  
We going to keep going going  
Like Nicki Minaj we living for the moment  
You can say we want it we on it  
Party don't start till the cops come in  
Party don't start till the cops come in

Ya'll on one? We'll we on two  
Sky is the limit gon' tell me what we gon do  
Say you love me girl but don't even know you  
But we can kick if you want to  
I got one live to life  
Wouldn't say I'm famous but I'm something like the kid  
We going to keep going until the sunlight begin  
Quit knocking on the door just come right on in  
All night long keep playing my music and everybody dancing to it  
Cops look up on my blind side Sandra Bullock  
We ain't going to stop so that man is foolish  
Keep the music on blast right  
I'll never have a sad night  
Its like I did it in a past life  
We can do it keep it moving like a mad wife

Going back six in the mornin  
We going to keep going going  
Like Nicki Minaj we living for the moment  
You can say we want it we on it  
Party don't start till the cops come in
