

Where I'm From

Mark Battles

It's fly America

See where I'm from, ain't no telling what you might see
Know a nigga that seen more Knicks than spike lee
20 sack for the right fee, she get in the back cause she digging the tracks
and the tight beat
Ridiculous raps, you niggas is wack
Lyrically asked to a hype beat
Kicking the facts and its all free
The game is a mess so they call me
I'm cleaning it up, we sweeping this stuff
Go beast is a must til I'm balls deep
Dog me and I'm Beethoven
How he sleeping, leave the cage open
This a stoner nigga stay smoking
Kept it real so my name blowing
Wayne Owens, that's my nigga dog
You don't wanna see him have to get involved
If I said it, I did it all
I'm spitting raw, they sitting off, kicking off then get rid of y'all
Deal with loss, take it like a boss
Danny said you gotta pay the cost
She take it off 'cause the way I talk
I'm top of the line then I'm breaking them off
Created a loft, then get paid for my thoughts
Trace it in chalk cause I bodied them all
Stuck in the past dog you gotta evolve
Not if we strong, they hitting so hard, bullying beats, stay in the yard, ma
king it large, hands in the air like they taking a charge
A bunch of yes men, and I'm not with them
Not too much convincing, give me 5 minutes
Had an atheist tell me my flow is God given
How could you doubt fire, rest in peace to Rob Williams
