

Wouldn't Mind

Mark Battles

How you expecting to make the right moves, when you surrounded by the wrong people?

Cut those niggas out your life man, I did

It's pretty obvious we on a mission

Threes up

I wouldn't mind, a hundred million, and like 20, for my children

I wouldn't mind, a couple houses, with the marble, in the ceilings

I wouldn't mind, a few cars, just to show you how I'm feeling

I wouldn't mind (I wouldn't mind, no)

You still worshiping money, to me it's kinda funny

On the real, you can have that shit

Long as my son and my daughters go to school and do cool

And they pass that shit

I'm a dad that's it, with a badass chick

Rolling about a 100 in a fast ass whip

Vasi on the rise better hashtag quick

Lil bro joined the team, now they mad at Ric

Don't forget

Don't forget where you came from

Tony Vasi the name hun

Rep the team with my day ones

Talking shit, we don't say much, stop it

Don't get about a pocket

All threes like I'm playing for the Rockets

Call me, probably laying in the goddess

Worked hard and I'm staying for the profits

Okay, I'm being modest

Lately I'm feeling like the best, "No I.D." got me chilling in the west

Nap town finally getting our respect

317 we 'gone make it in a sec

Found all the dots, I'm just making them connect

Faced death twice I ain't worried about a threat

Came from the mud, I ain't seen nothing yet

Bad, anything I say I mean, she love me

Good D like Draymond Green

We thug deep, hundred shows just to pay my team

World threw me in the jungle, and I came out clean (y'all know me)

I wouldn't mind, a hundred million, and like 20, for my children

I wouldn't mind, a couple houses, with the marble, in the ceilings

I wouldn't mind, a few cars, just to show you how I'm feeling

I wouldn't mind (I wouldn't mind, no)

Steady finnessing, these bitches and niggas gonna hate you, I'm better than ever

I never could settle for anything less than a medal

Invested myself and adjusted my schedule (ha ha)

In love with this , in love with this cash, and in love with this paper

Passing you up on my way up, I lay up and fuck them vacations

Fuck a bitch nigga, they don't want to see you make it

Shit, I got the people waiting

Fuck this shit up like it's renovation

We was in the basement, getting stimulated

Skip through you niggas like simulation

I'll take your bitch and I penetrate it

Ayo, my nigga, you real FA
Steady finesse and I demonstrate it
Bitch I been a playa, say I'm the one like I'm in the matrix
Come at my Vasis, them killas waiting
I be sending vapors through you ventilations

I wouldn't mind, a hundred million, and like 20, for my children
I wouldn't mind, a couple houses, with the marble, in the ceilings
I wouldn't mind, a few cars, just to show you how I'm feeling
I wouldn't mind (I wouldn't mind, no)

I wouldn't mind, a hundred million, and like 20, for my children
I wouldn't mind, a couple houses, with the marble, in the ceilings
I wouldn't mind, a few cars, just to show you how I'm feeling
I wouldn't mind (I wouldn't mind, no)
