

Before Gas And Tv

Mark Knopfler

Am

Before gas and tv

Asus2 Am Asus2 Am

Before people had cars

G6 G6

We'd sit around the fires

Em Am Asus2 Am

Pass around our guitars

Remembering songs

When my daddy was home

He'd play along

On the spoons and a comb

We'd go with the flow

When the weather was fine

Sometimes we'd go

Collecting scrap iron

And we'd sit around the fires

Pass a bottle of wine

In the tales of the road

Since time out of mind

If heaven's like this

Well that's OK with me

Where the living is fine

And living is free

If heaven's like this

Well then here's where I'll be

On the edge of the field

F

On the edge of the world
