

# One More Matinee

Mark Knopfler

**C** **G/B**  
Here's one of the two of us  
**Am7** **F**  
In 1954 don't laugh  
**C**  
I keep all of the pictures  
**G**  
Are you going to take a photograph  
**C** **Esus4** **E**  
Here's something nice for you  
**Am** **F**  
A dear old thing came to a show  
**C**  
Last time here we did  
**G**  
An interview on local radio

**D5** **Dsus2**  
Make yourself at home my darling  
**F** **G**  
Come on in  
**D5** **Am**  
Hand me down that jar love  
**F** **Bmaj7** **B6** **Am/G** **G**  
Can I offer you a gin

**C** **G/B**  
We're proud to be the oldest  
**Am7** **F**  
Ugly sisters in variety  
**C**  
There's not the glamor now you see  
**G**  
What happened to society  
**C** **Esus4** **E**  
There's another light bulb gone  
**Am** **F**  
They don't all answer to the switch  
**C**  
I don't know how we carry on  
**G**  
And her she couldn't care the bitch

**D5** **Dsus2**  
But in a while the old boys  
**F** **G**  
In the band begin to play  
**D5** **Am**  
And in a while the houselights  
**F** **Bmaj7** **B6** **Am/G** **G**  
And the curtains slide away

**C**  
And something's going to happen  
**C**  
To make your whole life better  
**C/B** **F**

Your whole life better one day

**C**

Something's going to happen

**Esus4 E Am**

To make your whole life better

**C G**

Your whole life better one day

**C**

**G/B**

Now the landlady's all squared away

**Am7**

**F**

It's just a temporary deal

**C**

I'm afraid tonight it's take-away

**G**

You see there is no evening meal

**C**

**Esus2 E**

**Am**

Don't worry dear you shall go to the ball

**F**

I think the fairy said

**C**

These suitcases have seen it all

**G**

From under someone else's bed

**D5**

**Dsus2**

You want to smile those tears away

**F**

**G**

Now don't you cry

**D5**

**Am**

You want to know what I say

**F**

**Bmaj7**

**B6**

**Am/G**

**G**

I say never say die

**C**

'Cos something's going to happen

**C**

To make your whole life better

**C/B**

**F**

Your whole life better one day

**C**

Something's going to happen

**Esus4 E Am**

To make your whole life better

**C**

**G**

Your whole life better one day
