A B
Don't you love the sound
E Esus4 E
Of the last laugh my friend
E7 A
Don't you love the sound
   Esus4 E E7
Of the last laugh at the end
Down in the gutter with the mad old soldiers
                C#m
                                         Emaj7
Down in the scuppers with the drunken sailors
Down in the gutter with the mad old soldiers
                B Bsus4 B
But the last laugh, baby is yours
            В
And don't you love the sound
          Esus4 E
Of the last laugh going down
Games you thought you'd learned
E Esus4 E
You neither lost nor won
Dreams have crashed and burned
E Esus4 E E7
You still keep on keeping on
Out on the highway with the road gang working
   В
                        C#m
                                        Emaj7
Up on the mountain with the cold wind blowing
Out on the highway with the road band working
                B Bsus4 B
But the last laugh, baby is yours
And don't you love the sound
   Esus4
Of the last laugh going down
E7 A B E Esus4 E E7 A B E Esus4 E E7
They had you crying but you came up smiling
                C#m
                                       Emaj7
They had you crawling and you came up flying
They had you crying and you came up smiling
                 B Bsus4 B
And the last laugh, baby is yours
And don't you love the sound
