

Keep Me in Mind Sweetheart

Mark Lanegan

If you ever find that you've fallen behind
Please keep me in mind, sweetheart
If your love is true
Then my money's on you
And you'll know what to do, sweetheart

Summer was high when you caught my eye
Though I was pledged to another
The feeling was strong when you came along
Now Lord only knows how I suffer

Oh, if you change your mind
Leave your old love behind
Just keep me in mind, sweetheart
Please keep me in mind, sweetheart

Summer was high when you caught my eye
Though I was pledged to another
The feeling was strong when you came along
Now Lord only knows how I suffer
If it's part of God's plan
Then you'll find where I am
Please keep me in mind, sweetheart
Just keep me in mind, sweetheart
Just keep me in mind, sweetheart
