

## Message To Mine

Mark Lanegan

Oh, It's good  
Baby, to make me forget  
Oh, so good  
Baby, so good to make me forget  
Forget myself again  
I walk down, the steps to the river  
With my outfit, full set to deliver  
And the minute it's done  
There's nothin' but time  
On a pay telephone, I send a message to mine  
Yeah, it's good  
So good baby  
Because it makes me forget  
Oh, so good  
So good baby  
Because it makes me forget  
Forget myself again  
Upstairs, slower on my feet  
Got to get to the corner and I know it's getting late  
At the cold polar ice  
End of the line  
If I don't wake up  
Send a message to mine  
Oh it's good  
So good baby  
Because it makes me forget, forget myself again  
Seventeen steps down to the river  
With my outfit, full set to deliver  
And the floodlights shine  
Blindin' my eye  
On the pay telephone, I send a message to mine  
Back down, early in the morning  
Same building, different story  
Well the room here's free and it's easy to find  
The tricks of her frame send a message to mine  
Yeah it's good
