

Save Me

Mark Lanegan

Free me, save me
See me, love me

Come on now nightttime children
Sing your own harmony
Bringing out nightttime people
Play it all hazily

Free me, save me
See me, love me

Come on now midnight children
Sing the dark harmony
Play now midnight people
Create your own alchemy

Free me, save me
See me, love me

Sing it now midnight people
Sing your crazed harmony
Bringing out midnight children
With a black company

Free me, save me
See me, love me

Come on now midnight children
Sing your own harmony
Play now midnight people
Play it all hazily

Free me, save me
See me, love me
(Love me, love me, love me)
Love me now, love me now
Love me now midnight people
Love me now midnight children
(Love me) love me now
Love me now, love me now

Free me, save me
See me, love me
