

## With Animals

Mark Lanegan

You're a murderer, girl, you're a murderer  
With animals all in my life  
Free of all the suffering and strife

You're a sorcerer, girl, you are a sorcerer  
Another drowns, another one gone  
With animals every single day of my life  
Free of all the suffering and strife

You are a seraphim, girl, you are a seraphim  
Another down, another one lost  
With animals, I am going to live my life  
Free of all the suffering and strife

You are a murder, girl, you are a murderer  
Another one gone, another one lost  
With animals as my healers  
With animals as my saviors

You're a drug to me, girl, you are a drug to me  
Another one lost, another one gone  
With animals, I'll live my life  
Free of all the suffering and strife

You are a murderer, girl, you're a murderer  
Another one drown, another one gone  
With animals  
With animals  
With animals  
With animals

Another down  
Another lost  
With animals  
With animals  
With animals

You are a murderer, girl, you are a murderer
