Wolves

Mark Lind

Hey there, baby, you're looking kinda pretty to me
You're the kind of girl that I could get down to keep
The wolves will try to bite us
Just as sure as the setting sun
Tell me, baby, do you think they'll ever leave us alone?

Hey there, baby, you're looking kinda pretty to me
All I want to is drag my lips across your skin
The wolves will try to bite us
Just as sure as the day is long
I swear to God that I'll never let them tear us apart

You've done a number on me
The error of my ways I've finally seen
You are a moral compass that I can depend on
I swear to God that I'll never let them tear us apart

You are a moral compass that I can depend on
I swear to God that I'll never let them tear us apart

Hey there, baby, you're looking kinda pretty to me
You're the kind of girl that I could get down to keep
The wolves will try to bite
Just as sure as the setting sun
Someday they're gonna have to leave us alone
Someday never comes for me
