

# Fly With Me

Mark Medlock

Nights they're telling me lies. You broke my heart, what a surprise.

Nights they're fooling my heart after you've gone, you tore apart.

Baby, I was guilty, guilty and not true. Baby, I'm so hooked on you.

Fly with me, my girl, fly with me above to a secret heaven.  
Show me all your love, close your eyes till we count to seven.  
Fly with me, my girl, what is here today, is gone tomorrow.  
You're so good to me, baby, will I lose my fears and sorrows?

Days are telling the truth and sometimes it's hard for me and you.

Days they're brightening the dawn, they hurt so much after you're gone.

Baby, please, forgive me, forgive me what I've done.

Oh, baby, my love is strong!

Fly with me, my girl, fly with me above to a secret heaven.  
Show me all your love, close your eyes till we count to seven.  
Fly with me, my girl, what is here today, is gone tomorrow.  
You're so good to me, baby, will I lose my fears and sorrows?

Fly with me, fly with me ...
