

# Only A Fool

Mark Medlock

Ohhhh yeahhh my baby ohhhh.. yeah...

Don't tell it's over oh no no  
Only the strong survive  
Don't tell me baby oh no no  
You will go out of my live

I can not breath I can not sleep  
If you will break my heart  
And I can not live I can not speak  
Baby don't tear appart

Only a fool will leave this lonely woman, yes I know  
Only a fool won't take this angel home  
I'll never give up  
I'll never let go  
If you will break my heart  
And I promise you baby you know  
If you will try a start yeah my baby ohhhh

Don't try to break me oh no no  
Don't try to breaking my heart  
One step from heaven oh no no  
Oh please don't tear it appart

I can not live And i will break  
Baby come back to me And i can not live  
And i will say You are my destiny

Only a fool will leave this lonely woman, oh yes for sure  
Only a fool won't take this angel home  
I'll never give up  
I'll never let go  
If you will break my heart  
And I promise you baby you know  
If you will try a start

Only a fool will leave this lonely woman, woman yeah  
Only a fool will leave this angel home  
I'll never give up  
I'll never let go  
If you will break my heart  
And I promise you baby you know  
If you will try a start yeah..

Only a fool will leave this lonely woman,  
Only a fool will leave this angel home...
