Go set your truth  
Don't be the rude in another's fair  
See how you feel  
And then reveal  
You may not be who you are  
Right at this moment  
Right at this moment  
Right at this moment  
In time

Go and dig a well  
And hide as you abide

And echo like a bell (Echo like a bell)

Go set your truth (Your truth)

You can think for yourself  
You can think for yourself
