

# Alone Without You

Mark Owen

**C#m7**

I listened to your album

**A**

And I watched your favourite film,

**E**

Hey hey hey,

**Bsus**

I missed you today,

**C#m7**

I read those early letters

**A**

That were filled with early dreams,

**E**

Some of them materialised,

**Bsus**

Others never seen,

**F#m7 A**

We used to watch the world walking by

**E**

The truth is you're not here,

**Bsus**

Here I am, I'm screwed up again,

**A**

And I don't know why it is,

**C#m7**

It's just the way it is

**A**

What am I to say,

**F#m7**

What am I to do,

**E Bsus**

What am I, alone without you

**F#m7**

What am I to say,

**A**

What am I to do,

**E Bsus**

What am I, alone without you

**C#m7**

I made your favourite dinner,

**A**

And I wore the shirts you loved,

**E**

Hey hey hey,

**Bsus**

Just in case you came

**C#m7**

Friends still ask about you,

**A**

And I say that you're just fine,

**F#m7 A**

And have you seen the world walking by?

**E**

The truth is you're not here,

**Bsus**

Here I am, I'm screwed up again,

**A**

No matter what, which way I turn,

**F#m7 E**

How am I feeling, slowly bleeding here for you,

**Bsus**

And spending time with hope

**A**

And I don't know why it is,

**C#m7**

it's just the way it is

**A**

What am I to say,

**F#m7**

What am I to do,

**E Bsus**

What am I, alone without you

**F#m**

What am I to say,

**A**

What am I to do,

**E Bsus**

What am I, alone without you

**A**

The truth is you're not here,

**F#m7**

And I'm screwed up again,

**E**

And I don't know the reason why,

**Bsus**

I don't know why it is

**A**

And did I ever say,

**F#m7**

That I just need your love,

**E**

And I want you back again,

**Bsus**

I want you back again

**C#m7 E**

You said that this isn't yet our time,

**Bsus A**

So give me time,

To get you back again

**A F#m7 E Bsus**

**A**

What am I to say,

**F#m7**

What am I to do,

**E Bsus**

What am I, alone without you

**A**

What am I to say,

**F#m7**

What am I to do,

**E Bsus**

What am I, alone without you.....
