

Green Man

Mark Owen

Early morning juices blend he chooses
Bowl of seed and water cleanses
Caffeine free with herbs for tea
Clear and fresh he won't be tempted
High on C he's staring at me
We make us seem far apart
Dead for awhile, resurrects with a smile
Pulls my conscience inside apart

Green man

I'll take a leaf from your book
Found a new love
I say peace man

Green man

I'll take a leaf from your book
Found a new love
I say peace man
Second sight no sense of fright
He lives his life for the moment
He stands like a god an enlightened god
Ruby centres in his crown
Man of wealth loaded with health
A lion with a mother's heart
Magic man with your save Earth plan
Thanks for giving me my part

Green man

I'll take a leaf from your book
Found a new love
I say peace man

Green man

I'll take a leaf from your book
Found a new love
I sa peace man

As a snake sheds its skin you've got to shed your past over and
