

Rio

Mark Owen

I need connection, I need it now
I need your touch, I'll turn it 'round
I'm gonna get better, I'm gonna get strong
I'm gonna stay focused, I'm gonna move on, yeah
I need affection, I need it now
I need your lovin' without a doubt
I should of been wiser, I should of let go
I should of been better, I should of just known

We both know that's it's now or never
We both play the game
We just can't help ourselves

Tryin' to survive when the cost of livin'
Keeps on gettin' higher and higher
We just can't help ourselves
We both know that's it's now or never
We both play the game
We just can't help ourselves
You said, you wanna get crazy, baby
Yeah, well, I just know how you're feelin'
We just can't help ourselves
We both know that it's now or never
Now or never
Oh, don't you feel like a diamond
Let's go to Rio

Been insecure, self-deprecatin'
Over dramatic, hallucinatin'
I see it so clear now and I've seen the light
I'm feelin' like lightnin' and I'm feelin' alright
A change is comin', I feel it now
My feet are runnin', they hit the ground
And I know where I'm goin' and I'm gonna break through
And I'm gonna be waitin', waitin' for you

We both know that's it's now or never

Tryin' to survive when the cost of livin'
Keeps on gettin' higher and higher
We just can't help ourselves
We both know that's it's now or never
We both play the game
We just can't help ourselves
You said, you wanna get crazy, baby
Yeah, well, I just know how you're feelin'
We just can't help ourselves
We both know that it's now or never
Now or never

Oh, don't you feel like a diamond
Let's go to Rio
Oh, don't you feel like a diamond
Let's go to Rio
Let's go (Let's go, let's go)
Let's go to Rio

Oh, don't you feel like a diamond
