

## When U Went Away

Mark Ronson

I want you  
But I don't want your reasons why, oh  
I told you  
So don't you make me say it one more time, oh

When you went away, moonlight took the day  
Stars and darkness all collide in the loneliest of space  
When you went away, my universe divided  
And all that's left is the matter of asking myself where you st  
and

'Cause my universe divided  
But I'm gonna be alright, hey, I'm gonna be alright  
I'm gonna be alright, I'm gonna be alright  
Tonight think that, I say  
You'll see I'ma be alright  
I'm gonna be alright  
I'm gonna, I'm gonna be alright  
If there's nothing to do, gonna be alright  
If it's not with you, gonna be alright  
If there's nothing to do, gonna be alright  
If it's not with you, gonna be alright  
And anything I wanna do is gonna be alright  
And anything I wanna do is gonna be alright
