

Why Would I Stop

Mark Ronson

You like the clout, I like the game
You and I not the same
I'm wise beyond my years
You dumb as all your days
Too much has happened to me
I should just pack up and leave
Black balling all that they do
I got that Kaepernick beef
Back to back with the blunts
Fucked up tobacco consumption
Fucked up perception of me
I don't relax in the public
Passion, my weakness
Is also my strength
The deeper I'm thinking
The deeper she get, yeah

I got bitches for bodies oh no, bodies oh nah
I ain't tripping, it's a vibe, well, it's a vibe
I got bitches nobody know of, yuh
I unfollow bitches I like like all the time
A complicated-ass asshole if y'all can tell
Y'all be calling me Cash-tro when I start to film it
I started touring with Mark, I told my college goodbye
And every since I been giving my wallet collagen shots

What? So why would I stop?
Na na, yeah, why would I stop?
Mmh, why would I stop?
Okay, look, that's what I thought

Nothing changed 'cause my name is famous in the street
That's a fact
Nothing changed 'cause my name is famous in the street
That's a fact
'Cause my name is famous
Nothing changed 'cause my name is famous in the street
That's a fact
