

# Willing & Wonderful

Mark Salling

On the first day of our champagne supernova consummation  
Who knows you again  
I was hit by Solomon  
You said 'now tell me your dreams'  
Suddenly it seems that

Ain't nobody gonna take away this thing we got going  
Ain't no one is changing my mind cause I know we got it  
Ain't nobody  
All I gotta do is believe in you and  
All the world becomes  
Possibility  
If you're willing I'll be wonderful  
I'll be wonderful

Wasting away  
So much weight on the shoulders of just one phone call  
Don't you get lonely at the end of the year  
But I will always be there  
Living on a prayer cause

Ain't nobody gonna take away this thing we got going  
Ain't no one is changing my mind cause I know we got it  
Ain't nobody  
All I gotta do is believe in you and  
All the world becomes  
Possibility  
If you're willing I'll be wonderful

Ain't nobody gonna take away this thing we got going  
Ain't no one is changing my mind cause I know we got it  
Ain't nobody  
All I gotta do is believe in you and  
All the world becomes  
Possibility  
If you're willing I'll be wonderful

Ain't nobody gonna take away this thing we got going  
Ain't no one is changing my mind cause I know we got it  
Ain't nobody  
All I gotta do is believe in you and  
All the world becomes  
Possibility  
If you're willing I'll be wonderful  
I'll be wonderful  
I'll be wonderful  
I'll be wonderful
