

Time Goes so Fast

Mark Schultz

Well you came out crying
Next you were crawling
Two steps for every fall
Bed time and stories
Waking up each morning
To little footsteps in the hall
And I keep thinking

Time goes so fast
You can't slow it down
You can't turn it back, no
Blink and it's gone
So I'm holdin' on
As long as I can
Time goes so fast

Now you're trying my shoes on
Crying when mom's gone
Wearing my patience thin
The birthdays keep coming
In a ballcap you're running
Outside to play with your friends
And I keep thinking

Time goes so fast
You can't slow it down
You can't turn it back, no
Blink and it's gone
So I'm holdin' on
As long as I can
Time goes so fast

Oh and one day right out of the blue
You'll be watching your baby like I'm watching you

Loading up the Camry
Packing up the memories
Stop to kiss your mom goodbye
And you're saying so long
And we're gonna be strong
At least till you're out of the drive

Time goes so fast
Oh, time goes so fast
