

Change Up

Mark Tuan

Lately it's been hard to focus, ooh
I've been going through the motions, woah
Won't let emotions rule me now
I need to focus, find some ground
Now I got you to hold me down, yeah

And I know that
That I want this
I want this to work for me, work for me
And I know that
Can't go back
This is what it's supposed to be, supposed to be

Cause I got what you need
This is my destiny
And I won't change up, no I won't change
Cause I got what you need
This is my destiny
And I won't change up, no I won't change

Won't change up change up, uh
Won't change up change up, uh
Won't change up change up
Wont change up change up
Wont change up for me
Won't change up change up, uh
Won't change up change up
Won't change up change up
Won't change up for me

Only on stage
Is where I come alive
All these bright lights
Yeah I just want to shine
Can't get enough, uh
Now I got to strive
Imma hold on to this, Imma make it mine, yeah
Imma make it mine no doubt
Give it everything I got, Imma put my heart out
It's the right time now Imma make it all count
Imma fucking rockstar, bet you know what I'm about

And I know that
That I want this
I want this to work for me, work for me
And I know that
Can't go back
This is what it's supposed to be, supposed to be

Cause I got what you need
This is my destiny
And I won't change up, no I won't change
Cause I got what you need
This is my destiny
And I won't change up, no I won't change

Won't change up change up, uh

Won't change up change up, uh
Won't change up change up
Wont change up change up
Wont change up for me
Won't change up change up, uh
Won't change up change up
Wont change up change up
Won't change up for me

Somewhere I wanna go
We go we go somewhere far away
Come with me to the stars
I'll show you all the things in space

Won't change up change up, uh
Won't change up change up, uh
Wont change up change up
Wont change up change up
Wont change up for me
Won't change up change up, uh
Won't change up change up
Wont change up change up
Won't change up for me
