

## More

Mark Tuan

Wish I coulda done more  
Cause you gave me everything  
Wish I wasn't torn  
From leaving and staying babe

All the memories, get the best of me  
Living life on the road  
You right next to me, summer ecstasy  
Holding you so close  
By my side, day and night  
Through the highs and the lows  
I'm terrified of losing time  
But that just how it goes

They say nothing last forever  
But baby you deserve better  
I'm so sick of hearing everything is fine  
I got a voice in my mind saying

Wish I coulda done more  
Cause you gave me everything  
Wish I wasn't torn  
From leaving and staying babe  
Hate to feel this way  
I hope you believe what I'm saying  
Wish I coulda done more  
Wish I coulda done more

Wish I woulda just opened up and gave you more of me  
Growing up across the world  
Was easier to see  
That everybody wants something  
They just want someone  
To live for  
To die for  
To be with  
Till nightfall

They say nothing last forever  
But baby you deserve better  
I'm so sick of hearing everything is fine  
I got a voice in my mind saying

Wish I coulda done more  
Cause you gave me everything  
Wish I wasn't torn  
From leaving and staying babe  
Hate to feel this way  
I hope you believe what I'm saying  
Wish I coulda done more  
Wish I coulda done more  
Wish I coulda done more  
Wish I coulda done more
