

# My Name

Mark Tuan

Touched down in LA  
Just got off the plane  
Fans all in your face  
Just another day  
Pull off in a sprinter  
Nobu for dinner  
Damn it's almost showtime  
I can't wait to see ya

Everyone's waiting for me  
The line is out the door  
And Imma give em what they came for  
Every single night let's go

Lights go up, it's all sold out  
The music's loud and the crowd is screaming now  
It's my time now, so Imma show out  
Yeah I love the sound of the crowd screaming out  
My name my name, oh  
From the front to the back say it loud  
My name my name, oh  
From the front to the back say it loud  
My name my name

Now we off to the next show  
Manila, Thailand, up to Tokyo  
Out in London and Paris they always stopping and staring  
Cause I got fans in the area everywhere I go  
But I'll stop for a pic  
Soundcheck's at 6 so it's gotta be quick  
Yeah, that's how it's gotta go when you moving like this  
But I'll see you in a bit, don't trip  
Cause you know that

Everyone's waiting for me  
The line is out the door  
And Imma give 'em what they came for  
Every single night let's go

Lights go up, it's all sold out  
The music's loud and the crowd is screaming now  
It's my time now, so Imma show out  
Yeah I love the sound of the crowd screaming out  
My name my name, oh  
From the front to the back say it loud  
My name my name, oh  
From the front to the back say it loud  
My name my name

Crown on my head  
Just for the moment  
Crowds in my hand  
How long can I hold 'em  
Lemme see your hands  
Everybody throw 'em up  
'Cause it's about to go down when

Lights go up, it's all sold out  
The music's loud and the crowd is screaming now  
It's my time now, so Imma show out  
Yeah I love the sound of the crowd screaming out  
My name my name, oh  
From the front to the back say it loud  
My name my name, oh  
From the front to the back say it loud
