

No Tears

Mark Tuan

She fears
I will never come back here
Promised her
No tears
I know you're all alone, you're all alone
I'm here
Now I've been away 10 years
Now I'm home
No tears
Baby you're not alone, you're not alone

Everyday is another day
Just another day without you
Got me thinking about the good times
And the moments I spent with you

Woah, don't know where to go
Far away from home
Woah, trying to make it back to you

She fears
I will never come back here
Promised her
No tears
I know you're all alone, you're all alone
I'm here
Now I've been away 10 years
Now I'm home
No tears
Baby you're not alone, you're not alone

Waking up and I'm here again
Oh it feels like I never left
Leaving home, had to grow up quick
But I know it was for the best

Woah, I know where to go
Yeah I'm coming home
Woah, Imma make it back to you

She fears
I will never come back here
Promised her
No tears
I know you're all alone, you're all alone
I'm here
Now I've been away 10 years
Now I'm home
No tears
Baby you're not alone, you're not alone
