

# Save Me

Mark Tuan

We fight you leave I feel okay, oh  
Too much on me I might not make it  
Tell me you love me I'll forget about it  
Losing my mind whenever I'm around it  
Please don't hate me  
Please just save me

'Cause I'm too fucked up  
And I'm too crazy  
If you love me  
Please just save me  
'Cause I'm too fucked up  
And I'm too crazy  
If you love me  
Please just save me

Tell me a single word  
'Cause I'm falling outta this world  
But you never leave me you never let me burn  
Don't want to take you there  
Too faded to go anywhere  
You never want me you never want me hurt

We fight you leave I feel okay, oh  
Too much on me I might not make it  
Tell me you love me I'll forget about it  
Losing my mind whenever I'm around it  
Please don't hate me  
Please just save me

'Cause I'm too fucked up  
And I'm too crazy  
If you love me  
Please just save me  
'Cause I'm too fucked up  
And I'm too crazy  
If you love me  
Please just save me

Follow you in the dark  
Whenever I'm falling apart  
But something tells me you can't fix my heart  
Can somebody save me now  
These voices all around  
And they keep telling me you're walking out

We fight you leave I feel okay, oh  
Too much on me I might not make it  
Tell me you love me I'll forget about it  
Losing my mind whenever I'm around it  
Please don't hate me  
Please just save me

'Cause I'm too fucked up  
And I'm too crazy  
If you love me  
Please just save me

'Cause I'm too fucked up  
And I'm too crazy  
If you love me  
Please just save me
