

Your World

Mark Tuan

The wind blows when you give the word
You make the sun rise up with the birds
Let the rain fall down
Till we can't go out
Being stuck with you wouldn't be the worst

The trees sway every time you dance
The waves part when you open up your hands
Every movement is magic
It's so cinematic
And I'm just hoping that I get the chance

To stay just little longer
Lay by your side
Just take me wherever
We'll do anything you like
Cause

This is your world
Paint me all different colors
Big city girl
I'm a guy from the suburbs

And I can't help but stare at ya
Cause you look like the main character
Yeah this is your world
And we're all just (all just)
Livin' in it

We're all just
Livin' in it

You could crush souls with your eyes
And those hips make dreams come to life
I'm obsessed I'm entangled
With every single angle
I can't fucking believe that you're mine

Can you just
Slow down time for a minute
If it isn't too much to ask
I hope it's not much to ask

Baby can I
Stay just little longer
Lay by your side
Just take me wherever
We'll do anything you like
Cause

This is your world
Paint me all different colors
Big city girl
I'm a guy from the suburbs

And I can't help but stare at ya
Cause you look like the main character

Yeah this is your world
And we're all just (we're all just)
Livin' in it

We'll do anything you like
Cause

This is your world
Paint me all different colors
Big city girl
I'm a guy from the suburbs

And I can't help but stare at ya
Cause you look like the main character
Yeah this is your world
And we're all just (we're all just)
Livin' in it

We're all just
Livin' in it
We're all just
Livin' in it
