

Proud Whore

Marko Hietala

You've never known what you want but I can give it to you
You might just hate it right there but end up loving it soon

The back of the tiger my throne
I'll be riding on and on
My kingdom of cities and roads

Forevermore
I'm a proud whore
Forevermore
I'm a proud whore
I'm a proud whore

I'd never do you a thing you wouldn't want me to do
Maybe I'm leading you on but I warned you of that too

You wanted me to take control
I made you rock I made you roll
You paid to feel my whip again

And you came back for more
I'm a proud whore
Forevermore
I'm a proud whore
Forevermore

My kingdom of cities and roads
Forevermore
You know who I am
I'm a proud whore
You know that I am

A proud whore
Forevermore
I'm a proud whore
Forever forevermore
I'm a proud whore

I'm a proud whore
