

# Change

Marlon Craft

She told me she want my side of the bed for a change  
I told her I been trapped inside of my head in a daze  
And if she roll over here, I got rollover fears on my face  
Ooh, I need my space  
She said, "Why you so afraid of a little change?"  
Why you so afraid of a little change?  
Why you so afraid of a little change?  
Of a little change?  
Of a little change?

What's the worst can happen? But the worst can happen  
I live a life that's full of strife, but it's been worth the pa  
ssion  
Anxiety and OCD that I covert to rappin'  
I watched dudes with strong minds go and convert to cappin'  
They ain't the first, it happens  
Me, I always tried control what I couldn't  
I used numbin' agents to console, but I shouldn't  
I felt old when I shouldn't have  
Coals when my foot on paths they told me to walk  
Now I'm grown and I'm lookin' back  
But vulnerable don't look the same for everybody  
I'll hum my soul all on the stage for anybody  
But look you in the eyes and show you where the pain is, it's d  
angerous  
'Cause then you'll see where the shame is  
And I hate that I hate it  
And I ain't tryna make you the enemy  
So let me stay on my side where the pillow's cool  
And I know I'm the better me 'cause any change in recipe  
And I don't know if I'ma have the stomach to let us eat, yeah

She told me she want my side of the bed for a change  
I told her I been trapped inside of my head in a daze  
And if she roll over here, I got rollover fears on my face  
Ooh, I need my space  
She said, "Why you so afraid of a little change?"  
Why you so afraid of a little change?  
Why you so afraid of a little change?  
Of a little change?  
Of a little change?  
She said, "Why you so afraid of a little change?"
