

Here For It

Marlon Craft

I'll be here for a long time
I can finally say it now
Finally eating wild what I cater now
Lay it down yeah a goal
They said I hold no weight
Today they gave a pound
I stand up on that platform
Living for the crowd
You can see it in my ears
You can hear it in my eye's
I just keep it down to earth
Don't care about the sky's
Before I live a pair of lives
Homie I'll be paralyzed pressure on me
It's hard to find stake's as rare as mine

(Ohh no)

I'm watching 'em prey up on anayalysm
You back to square one everytime
You multiply the the vision
An we too busy looking round shit
To find a vision but I'mma make my
Incision homie I made my decision now
Yeah

We was scared for a long time
I ain't know to stay or to leave this road
Longing for the day we'll be alright
But I swear that even if we won't

I'll be here
I'll be here
I'll be here for it
I'll be here
I'll be here
I'm here for it
I'll be here
I'll be here
I'm here for it
I'm here for it
I'll be here for it now

If character is what you do when no one's
Watching then what we do in the world
Where all we care about is view's
They tell us what's Poppin
Barely care to choose
Rush hour pack train an
We barely care to move for the next man
Only if he fit the criteria
Is it he or she do he look like me
Is he gay is he straight
Is he real is he fake where he from
What he bang how much money
Do he make (ohhhh no)

That shit ain't cool no more
Because I said it isn't
Shit we look better different
You want everyone to be
Fucked up like you
Because you scared you what you said
You isn't you ain't living you're truest
Life how could you let them live it shit
I just see it for what it be now
I ain't gonna leave now no
I ain't saying that you need my help
That you need my help
But I see me an everyone
How could I leave myself oh no

We was scared for a long time
I ain't know to stay or to leave this road
Longing for the day we'll be alright
But I swear that even if we won't

I'll be here
I'll be here
I'll be here for it
I'll be here
I'll be here
I'm here for it
I'll be here
I'll be here
I'm here for it
I'm here for it
I'll be here for it now
